

Last Chance to Submit the Immunization Survey! (6-09-21)

June 9, 2021

Dear NYS Principals and Administrators,

The NYS school immunization survey was **due on April 9, 2021**, but there are a number of schools that have still not filled out the survey. The final chance to submit the immunization survey is this week. After this week, you will no longer be able to submit the survey

For more information about the immunization survey, see our previous memo [here](#) and the NYSDOH website [here](#).

For questions regarding Health Commerce System accounts or accessing the school survey, please contact the NYS School Assessment Unit at osas@health.ny.gov or 518 474-1944.

As always, feel free to reach out to yeshivaservices@agudah.org with any questions.
