

Take Action Today: Florida House is Voting on School Choice Expansion - House Bill 7045!

April 21, 2021

TAKE ACTION NOW!

The Florida State House will be debating [House Bill 7045](#) (Rep. Randy Fine) and we need you to make your voice heard.

This legislation would overhaul the State's scholarship programs by removing any public school attendance requirement and merging and streamlining them in to a simpler funding and application process. The Corporate Tax Scholarship and the Family Empowerment Scholarship would be merged in to one program that will provide greater access and flexibility to parents. The House version also increases the income eligibility threshold allowing more middle income families into the program.

We believe that this proposal is monumental and can have a very positive impact on our community.

Please join us in reaching out to your Representative and ask them to please support HB 7045 which will provide greater educational choices for our families.

Thank you for your support and participation!
