

The Halachos of Asarah B'Teves on Erev Shabbos

December 23, 2020

This year, we have the rare occurrence of Asarah B'Teves falling out on a Friday. Due to its rarity and the fact that Asarah B'Teves is the only fast that we do observe on a Friday, there are many *halachic* considerations to take into account. See below for a guide on the *Halachos of Asarah B'Teves on Erev Shabbos*, compiled and written by Rabbi Yaakov Robinson, executive director of the Midwest Agudas Yisroel Council of Synagogue Rabbanim, and reviewed by Rabbi Shmuel Fuerst, Dayan, Agudas Yisroel of Illinois.
