## **Reminder about Tomorrow's Election**

Dear Principals and Administrators,

As you may know, tomorrow, Tuesday, February 2<sup>d</sup> is a special election for City Council District 24, which covers large portions of Central Queens.

As in all elections, it is crucial for our community to come out in large numbers. Communities that vote are communities that are heard- which gives us the ability to have a larger voice in government to protect our schools, our shuls, and our way of life.

Special elections are generally low turnout elections, so a strong showing can make an even bigger impact.

Also, as this is a special election not a party primary, all voters, regardless of party registration, are eligible to vote in this election.

We ask that you please email out the attached flier to your parent body.
