

## Q&A's from the Webinar

### **General Requirements:**

Is there a limit on the number of kids that can be in a classroom?

No.

Do special-ed students need to get a medical exemption not to wear a mask in school?

Yes.

Are temperature checks still mandatory for everyone entering the school building?

No.

Is sanitizing the school a few times a day still required?

No.

Are masks required on off-campus trips?

Masks are required indoors, but not outdoors.

A G U D A T H I S R A E L O F A M E R I C A

Does this guidance to apply to afterschool programs?

If the attendees are students and it is a school function then the guidance applies.

### **Daily Reporting:**

Is the COVID reporting mandatory or recommended?

Mandatory.

How should daily reporting be done?

Log in using the information in our email. [See here.](#)

**Vaccinating/Testing:**

Does the vaccination/testing requirement only apply to teachers or all staff in the building?

All staff in the building including administrative personnel.

Does vaccine/testing apply to people working in the school but not getting paid by the school, like therapists?

Yes.

Do students need to be tested?

No.

What kind of log do we have to keep for staff testing and vaccinations?

It is not clear yet. For now, do whatever works for you.

Do we need proof of staff testing or is it enough for staff to just tell us that they got tested?

You can just document that the teacher said they got tested.

Do we need to check with the staff each week if they tested?

Yes.

For the weekly staff testing, is a rapid test good enough?

Yes, as of now.

If a staff member has antibodies but did not take the vaccine, do they still need to be tested weekly?

Yes.

Who has to pay for employee testing?

Schools should provide testing - can be paid by insurance or local health department funding.

Where can teachers get tested?

You can set something up with your local health department or other testing facilities.

Is it a HIPAA violation to ask staff about their vaccination status?

No, just keep it private.

**Quarantine:**

How long does one who tests positive need to quarantine?

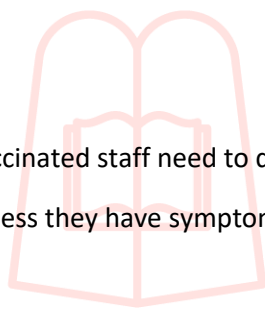

10 days from the onset of symptoms.

If a masked teacher tests positive and the students are masked, are the students required to quarantine?

Yes.

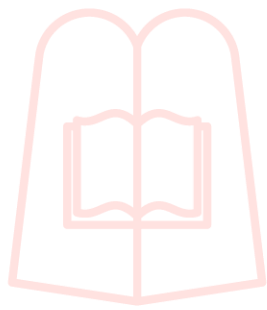

Do vaccinated staff need to quarantine if they are a close contact?

No unless they have symptoms.
